

Christmas Story.

Once there lived a little girl. Her name was Kristina. She was very kind and polite. Unfortunately she had no mother because she died in a car accident two years ago. Recently her father got married and her stepmother seemed to be a cruel woman because she had no child of her own. She made her to do a lot of housework and scolded her all the time. The stepmother hated Christmas and didn't permit anybody at home to celebrate it. But Christmas was Kristina's favourite holiday. She believed in miracles and that all wishes could come true at that time.

Kristina decided to write a letter to Santa Claus:

“

Dear Santa,

My name is Kristina, I'm 4 years old. I'm from
Russia.

This year has passed so quickly and that one can feel the
smell of Christmas in the air. I have been waiting for those
moments for the whole year. Christmas is the time when all
our dreams come true. Every year you bring people so much
happiness, joy and fun and I hope you will fulfil a wish of
mine as well. That's why I want to ask you for a Christmas
present. My stepmother has a misfortune that's why she is so
cruel but I believe that she is a very kind person really. I hope
you will help her. Also let my father, stepmother, all my relatives
and friends be in a good mood and health. It'll really make
me happy.

I hope that in spite of your business you'll read my
letter. Good luck.

Best wishes,
Kristina. ”

And the miracle happened: the stepmother knew that she would have a baby. Her heart softened and she understood how miserable Kristina had been all the time. Since that time they lived happily ever after and celebrated Christmas all together.

Merry
Christmas!
